At Badger Rock Middle School, we prepare every scholar for college, career and community through project-based learning with an urban agriculture focus. Through project based learning, scholars integrate knowledge from all four core subjects (math, science, social studies, language arts) to find solutions to real world problems. Through our focus on urban agriculture, scholars learn important life skills of communication, collaboration and self-wellness. We are also driven by our core values of place, cultural relevance, sustainability & resilience and design & inquiry. These core values permeate every action we take including the creation of our School Improvement Plan (SIP), which outlines key strategies in the areas of literacy, math, culture & climate, instruction, challenging & well-rounded participation and family engagement.

School Principal: Hong Tran

## Equity Vision

All scholars are engaged and supported in active learning and developing lifelong learning skills without barriers, with an understanding of themselves and their relationship to family and community.

## Strengths

We have a dedicated staff that works tirelessly to meet the needs of our scholars. We also have strong partnerships with local organizations that provide community-based experiences such as trips to nature centers and local organizations. Our smaller learning community provides more individual attention to scholar needs as well as the opportunity for deep and meaningful relationships. Our scholars are also challenged to confront and solve real-world problems through their project-based learning experiences.

## Progress

During this past school year, our students experienced consistently high growth in math. Our parents and families also report one of the highest levels of family engagement in district middle schools.

## Area for Growth

This year, we are focused on increasing the reading proficiency of all our students through cultivating a love of reading, engaging scholars in comprehension and deeper analysis of text and leverage family support with reading at home.

## Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.

2016-2017 Data Profile

**Address** 501 E Badger Rd  
**Principal** Hong Tran  
**Phone** (608)442-1335  
**4K** No  
**Title I** Yes

**Developmental Bilingual Education** No  
**Dual Language Immersion** No  
**SAGE** No  
**Attendance rate** 92.6%  
**Total enrollment** 76

## Demographics

African American Asian Hispanic/Latino Multiracial White

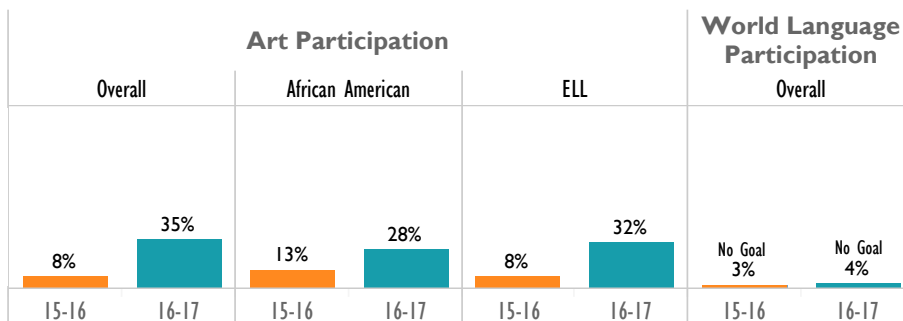

**English Language Learner** 37%  
**Low-income** 78%  
**Students with disabilities** 28%

## Strategic Framework Goal #1 Milestones: On-Track to Graduate

Each bar shows the percent of students meeting the relevant metric overall and for the focus group the school selected on their School Improvement Plan (SIP) when applicable.

## Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

Participation rates are based on transcribed courses.  
 When no goal for the measure has been set "No Goal" will be displayed in the bar.

## Strategic Framework Goal #3 Milestones: Positive Climate

Each bar shows the percent of responses within each dimension that were positive overall. When no goal for the measure has been set "No Goal" will be displayed in the bar.
